

FRONT END WEB DEVELOPER

ADIT PANDEY

PROFESSIONAL SUMMARY

I am a faculty member with 2 years of experience in Front End Web Development. I also have experience in implementing user-friendly websites using Bootstrap. Additionally, I know about creating forms with database connections and fetching data from them. My goal is to create a perfect website for you that will be appealing to all of your customers. As long as you're satisfied with the work, my job will be complete. If you need any additional help or assistance, feel free to contact me, and I'll be glad to help.

EXPERIENCE

web designer, fresher

As a web designer at Fresher, I had the opportunity to utilize my creativity and technical skills to design visually appealing and user-friendly websites. I was responsible for understanding client needs and translating them into functional designs that aligned with their brand image. My strong attention to detail and ability to work collaboratively with cross-functional teams contributed to the success of several projects.

- Designed and developed responsive websites
- Created wireframes and mockups using Adobe Creative Suite
- Conducted usability testing to optimize user experience

EDUCATION

BCA, Indira Gandhi National Open University,
India, kolkata
